

RANA MUHAMMAD TALHA MAJID

Junior Web Developer - Shopify, HTML, CSS, JavaScript

Pakistan | +92 306-8888847 | talhamajid404@gmail.com | talhamajid.me | linkedin.com/in/rana-muhammad-talha-majid | github.com/ranatalhamajid1

PROFILE

Frontend-focused web developer with hands-on Shopify store experience: theme customisation, Liquid template editing, and checkout-flow troubleshooting, plus a solid foundation in HTML5, CSS3, and JavaScript. Built and optimised 3+ Shopify stores end-to-end, delivering a 40% conversion-rate uplift on one client store. Comfortable working independently during US business hours, communicating progress clearly, and picking up new frameworks such as Next.js and React quickly. Available full-time, Monday to Friday, 9:00 AM to 5:30 PM Los Angeles time, remote from Pakistan.

RELEVANT SKILLS

Shopify: Theme customisation, Liquid template editing, navigation and mobile-breakpoint layout, checkout-flow optimisation, product listings and SEO, CRO

Frontend: HTML5, CSS3, JavaScript (ES6+), Responsive Design, Tailwind CSS, Bootstrap

Troubleshooting: Cross-browser layout debugging, theme and site issue resolution, QA testing

Preferred stack exposure: Next.js, React, Node.js, REST APIs and third-party integrations, PostgreSQL, MySQL

Tools: Git, GitHub, VS Code, Postman, Browser DevTools, Shopify Analytics

EXPERIENCE

Founder and Shopify Developer

2024 - Present

NexaGrowth Digital Agency | nexagrowth.xyz

- Configured 3+ Shopify stores from scratch: theme customisation, navigation, mobile-responsive layouts, and checkout-flow optimisation aligned with client brand guidelines.
- Customised Shopify themes using Liquid-based layouts, including navigation structure, mobile breakpoints, and promotional banners.
- Ran conversion-focused A/B tests on landing pages and product listing UX, delivering a 40% uplift in one client's conversion rate.

Full Stack Developer

May 2025 - Jan 2026

StreamEdge Digital and Professional Crew

- Built responsive, user-friendly web interfaces using HTML, CSS, JavaScript, and Bootstrap.
- Integrated and managed REST APIs to connect front-end interfaces with back-end application data.

Web Development Intern

May 2024 - Aug 2024

Capxa E-Commerce | Remote

- Built 8+ responsive UI components (product cards, modals, filters) using HTML, CSS, and JavaScript for a fast-growing e-commerce launch.
- Resolved 15+ cross-browser layout bugs during QA; optimised CSS to achieve ~20% improvement in UI load time.

Freelance Web Developer

2023 - Present

Self-employed

- Built and deployed responsive websites for academic and personal clients, managing hosting and deployment end-to-end.

PROJECTS

Shopify Store Setup and Optimisation

2023 - Present

Shopify, Canva, multiple client stores

- Customised Shopify themes (Liquid-based layouts); maintained 100% listing accuracy across ongoing product catalogue updates, pricing, and collections.

SpectraOps - Full Stack Platform

2024 - Present

HTML, CSS, JS, Tailwind CSS, PHP, MySQL | ranatalhamajid1.github.io/Portfolio-Website

- Built a complete responsive frontend with dark/light mode theming using Tailwind CSS, achieving a Lighthouse mobile performance score of 90+.

EDUCATION AND CERTIFICATIONS

BS Computer Science (Expected 2027)

2023 - Present

University of Engineering and Technology (UET) Taxila, Pakistan

Certifications: IBM Full Stack Developer, Google Foundations of Cybersecurity, PenTest Cyber Specialist Program, AI/ML Fundamentals (eHunar)
